

2nd JOINT HK-NORWAY

29 August 2025

Geotechnics Workshop on Ground Improvement and Geohazards

The 2nd Joint HK-Norway Geotechnics Workshop on Ground Improvement and Geohazards is a joint workshop organized by the Norwegian Geotechnical Institute (NGI), the University of Hong Kong (HKU) and the Hong Kong University of Science and Technology (HKUST) that provides a series of speakers to present their expertise and latest research in ground improvement and geohazards from renowned geotechnical experts in Hong Kong and Nordic countries. The workshop also aims to facilitate technical discussions on challenging topics and promote international collaboration between institutions.
